MEMORANDUM

RE: AIDs Quilt Grant Request

The OANC has received a copy of a grant request, budget and cost estimates from the Capital Pride Alliance for an AIDS memorial quilt display at the Mexican Cultural Institute in connection with World Pride I have reviewed the application sent to the OANC and have found that the request is a **permissible** expenditure of ANC monies as discussed below. To ensure this event has a substantial benefit to ANC 1A, the ANC should consider asking the applicant how this will be advertised to the ANC 1A community.

There are five prongs a grant must meet to be a permissible expense¹ and a 6th requirement of the D.C. Official Code that limits the amount of a grant that can be spent on overhead². They are:

1. **Public Purpose:** ANC grants must be for “public purposes within the Commission area.”³ A public purpose is one “that includes a significant benefit for the community and is not done for the primary purpose of benefitting a private entity.”⁴ This event has a broad public purpose and is taking place within ANC 1A. Whether it has a significant benefit to ANC 1A will largely hinge on how well the community knows about it. It is on the edge of ANC 1A at the Mexican Cultural Institute which will likely have a large sign on its fence which those who use 16th Street will see. I would suggest the ANC query the applicant, if they are presenting at their meeting, about what their outreach efforts will be and for the ANC to make it know by utilizing local listservs.

² D.C. Official Code 1-309.13(m)(2)(D) “No Commission shall provide a grant for which the grantee estimates that the overhead costs would exceed 15% of the entire grant amount.”

³ D.C. Official Code § 1-309.13(l)(1).

⁴ *Id.*

2. **Local Benefit:** A grant must “benefit persons who work or reside in the Commission area.”⁵ This does not mean the grant may only benefit Commission residents; it simply means the grant’s benefits should be focused on those residents.⁶ The event location is within ANC 1A. The applicant has noted that they are advertising on the World Pride event page and will work with the ANC to get the word out locally. Without this effort it would not meet the local benefit and significant benefits test.
3. **Proposed Project.** A grant must be for a proposed project.⁷ This is a discrete event with a beginning and end in the future.
4. **Organization.** A grant must be to an “organization,” not an individual or a government entity,⁸ although the organization need not be incorporated.⁹ The Capital Pride Alliance is an organization within the meaning of the code.
5. **Non-Duplication.** A grant cannot duplicate any services offered by the D.C. government.¹⁰ The District government does not offer any service like this.
6. **Overhead.** Overhead cannot exceed 15% of the grant amount.¹¹ None of the grant monies will be used for overhead as the Code defines it.

Conclusion

For the reasons stated above this grant is a **permissible** expenditure of ANC funds if outreach to the ANC 1A audience is made.
