MEMORANDUM

TO: ANC 1A
FR: Denise Wiktor, General Counsel
DT: 04/09/2026
RE: @nd Annual Holmead Block Party Grant Application.

The Office of Advisory Neighborhood Commissions ("OANC") has received a copy of a grant request for 2026 Holmead block party.

The applicant is requesting a grant amount of $500.00 which is within the ANC 1A grant guidelines for block parties. An amended budget was filed and they propose to spend the money on a local band, crafting supplies such as sidewalk chalk and compostable paper plates, cups and utensils.

I have reviewed the application sent to OANC and have found that the request is a **permissible** expenditure of ANC monies so long as the payment to the band is not made out to an individual.

Additionally, once a grant has been voted on by the ANC *the purpose of the grant cannot be changed without an additional vote by the ANC.*

Analysis

There are five prongs a grant must meet to be a permissible expense[1], and there is also a sixth requirement of the D.C. Official Code that limits the amount of a grant that can be spent on overhead[2]. These are, respectively:

[2] D.C. Official Code 1-309.13(m)(2)(D) provides that "[n]o Commission shall provide a grant for which the grantee estimates that the overhead costs would exceed 15% of the entire grant amount."

1. **Public Purpose:** ANC grants must be for "public purposes within the Commission area."[3] A public purpose is one "that includes a significant benefit for the community and is not done for the primary purpose of benefitting a private entity."[4] Block parties have long been a traditional grant made by ANCs. They benefit the community by bringing the neighbors together and fostering neighborhood cohesiveness. This assists in building community as well as crime reductions.

2. **Local Benefit**: A grant must "benefit persons who work or reside in the Commission area."[5] This does not mean the grant may only benefit Commission residents; it simply means the grant's benefits should be focused on those residents.[6] This is a benefit confined to ANC 1A.

3. **Proposed Project:** A grant must be for a proposed project.[7] This is a discrete single event, with a proposed beginning date and end date.

4. **Organization:** A grant must be to an "organization," not an individual or a government entity,[8] although the organization need not be incorporated[9]. A block party organization is an organization as defined by the Code for ANC grants. However, if the applicant does not have a bank account, they may have to use a fiscal agent to have the check written to. This can be a local business, a business of someone on the block and occasionally main streets or District bridges has served as a block party fiscal agent. The ANC cannot write the check to an individual.

5. **Non-Duplication:** A grant cannot duplicate any services offered by the District of Columbia government.[10] This grant is not duplicative of any service or program provided by the District government.

6. **Overhead:** Overhead cannot exceed 15% of the grant amount.[11] None of the grant monies would be used here for overhead costs.
