MEMORANDUM

TO: ANC 8A
FR: Denise Wiktor, General Counsel
DT: 1/6/2025
RE: DCXplosives MLK Day Grant Application 2025

The OANC received a copy of a grant from DCXplosives I have reviewed the application and sent to the OANC and also corresponded with the applicant have found that the request is a **permissible** expenditure of ANC monies.

There are five prongs a grant must meet to be a permissible expense¹ and a 6th requirement of the D.C. Official Code that limits the amount of a grant that can be spent on overhead². They are:

1. **Public Purpose:** ANC grants must be for “public purposes within the Commission area.”³ A public purpose is one “that includes a significant benefit for the community and is not done for the primary purpose of benefitting a private entity.”⁴ This standard was changed with the Fiscal Year Budget Support Act and the accompanying emergency.⁵ I contacted the applicant to ask who would own the warmups when they are delivered. While the organization would like to personalize them for the team members they understand that expenditures to benefit individuals are not permissible and they warmups will be kept by the organization for future use by future members which allows this to meet the public purpose test.
2. **Local Benefit:** A grant must “benefit persons who work or reside in the Commission area.”⁶ This does not mean the grant may only benefit Commission residents; it simply means the grant’s benefits should be focused on those residents.⁷ I understand that the

² D.C. Official Code 1-309.13(m)(2)(D) provides that “[n]o Commission shall provide a grant for which the grantee estimates that the overhead costs would exceed 15% of the entire grant amount.”

³ D.C. Official Code § 1-309.13(l)(1).

⁴ *Id.* This precludes payment to individuals whether it be for services or as a stipend or honorarium. It also precludes handouts to volunteers such as t-shirts and the purchase of items non-transient nature that will remain in the possession of an individual after an event such as tables and chairs or tents. Rental of such items is permissible. The ANC may purchase items that they retain and use or loan out to the community.

team residents are primarily residents of the ANC though a few may reside outside the ANC. As such it meets the local benefit prong

3. **Proposed Project.** A grant must be for a proposed project.⁸ This means that it must be for a specific undertaking, not for general support of an organization. It also means that a grant cannot reimburse an organization for expenses connected to an existing or completed project. The project in this case is to provide warm-ups the team members can perform in. **This is a discrete single project.**

4. **Organization.** A grant must be to an “organization,” not an individual or a government entity,⁹ although the organization need not be incorporated.¹⁰ DCXplosives is an organization as defined by the D.C. code. They also are affiliated with a 501(c)(3) that can be their fiscal agent.

5. **Non-Duplication.** A grant cannot duplicate any services offered by the D.C. government.¹¹

6. **Overhead.** Overhead cannot exceed 15% of the grant amount.¹² None of the grant monies will be used for overhead as the Code defines it.

Conclusion

For the reasons stated above this grant is a **permissible** expenditure of ANC funds if used as outlined above.

“[b]enefit to other ANCs would be incidental to the benefit conferred on ANC 4C residents,” because a grant’s benefits need not “be exclusive to the ANC that gives the grant funds”); see *Letter to Comm’r Fletcher*, Mar. 15, 2022, at 2, available at <https://oag.dc.gov/sites/default/files/2022-03/ANC-7E-Letter-to-Commissioner-Fletcher-RePublic-Purposes-Within-the-Commission-Area.pdf> making the same point with respect to the public-purpose requirement).
