RE: Stop the Killing Summit Grant Application

The OANC has received a copy of a grant request from Crisis Management for the Stop the Killing Summit 2024. I reviewed the application and requested a revised application, both of which were sent to the OANC and have found that the request is a permissible expenditure of ANC monies.

There are five prongs a grant must meet to be a permissible expense¹ and a 6th requirement of the D.C. Official Code that limits the amount of a grant that can be spent on overhead². They are:

1. **Public Purpose:** ANC grants must be for “public purposes within the Commission area.”³ A public purpose is one “that includes a significant benefit for the community and is not done for the primary purpose of benefitting a private entity.”⁴ This standard was changed with the Fiscal Year Budget Support Act and the accompanying emergency. The greater public purpose of this Summit is violence prevention. This will be accomplished through educational speakers and panel discussions and general informational sharing. In addition to the speaker and panels there will be a variety of booths with organizations and people that provide resources to the community. While the event is open to a wider community, the residents of 8A will most directly benefit from the event.
2. **Local Benefit:** A grant must “benefit persons who work or reside in the Commission area.”⁵ This does not mean the grant may only benefit Commission residents; it simply

² D.C. Official Code 1-309.13(m)(2)(D) “No Commission shall provide a grant for which the grantee estimates that the overhead costs would exceed 15% of the entire grant amount.”

means the grant's benefits should be focused on those residents.⁶ The ideas, coping mechanism and resources will directly benefit the residents and businesses in the ANC by bringing neighbors together to collaborate and work together on violence prevention and by directly benefiting from the resource booths.

3. **Proposed Project.** A grant must be for a proposed project.⁷ This is a discrete single event meeting the definition of a project.
4. **Organization.** A grant must be to an "organization," not an individual or a government entity,⁸ although the organization need not be incorporated.⁹ The grant would be to an organization as contemplated in the ANC code.
5. **Non-Duplication.** A grant cannot duplicate any services offered by the D.C. government.¹⁰ The D.C. Government does not provide this type of event for residents.
6. **Overhead.** Overhead cannot exceed 15% of the grant amount.¹¹ None of the grant monies will be used for overhead as the Code defines it.

Conclusion

For the reasons stated above this grant is an acceptable expenditure of ANC funds.
