MEMORANDUM

TO: ANC 3B
FR: Denise Wiktor, General Counsel

RE: Grant Application from Glover Park Alliance/ Glover Park Main Street

The OANC has received a copy of a grant request from the Glover Park Alliance doing business as Glover Park Main Street. I have reviewed the application sent to the OANC and have found that the request is an **impermissible** expenditure of ANC monies as outlined below. The application does not meet the public benefit test as it is for the internal operations of the organization. Additionally, Glover Park Main Street received \$220,014.00 in funding from the District government for its operations. This would also be a duplication of D.C. government services.

There are five prongs a grant must meet to be a permissible expense¹ and a 6th requirement of the D.C. Official Code that limits the amount of a grant that can be spent on overhead². They are:

1. **Public Purpose:** ANC grants must be for “public purposes within the Commission area.”³ A public purpose is one “that includes a significant benefit for the community and is not done for the primary purpose of benefitting a private entity.”⁴ The grant is specifically for a computer and 5 years of a service contract. The computer will be used by the organization for its internal operations. While the organization does provide services to the ANC community, its internal operations are restricted to the entity and the expense, in and of itself, does not provide benefit to the community. This is unlike providing a grant to them for a community event.
2. **Local Benefit:** A grant must “benefit persons who work or reside in the Commission area.”⁵ This does not mean the grant may only benefit Commission residents; it simply

² D.C. Official Code 1-309.13(m)(2)(D) “No Commission shall provide a grant for which the grantee estimates that the overhead costs would exceed 15% of the entire grant amount.”

means the grant's benefits should be focused on those residents.⁶ This would have no direct benefit to the residents and businesses in the ANC.

3. **Proposed Project.** A grant must be for a proposed project.⁷ This is a discrete single event.
4. **Organization.** A grant must be to an "organization," not an individual or a government entity,⁸ although the organization need not be incorporated.⁹ Glover Park Alliance is an organization within the meaning of the code
5. **Non-Duplication.** A grant cannot duplicate any services offered by the D.C. government.¹⁰
6. **Overhead.** Overhead cannot exceed 15% of the grant amount.¹¹ The entirety of the grant would be used for overhead as defined for purposes of grant applications.

Conclusion

For the reasons stated above this grant is an **impermissible** expenditure of ANC funds.
